

CHARIOT
TRAILER LEASING CORP.

COMPANY PROFILE

CHARIOT TRAILER LEASING CORPORATION (CTLC) is a proud member of Rayomar Management Inc.'s group of companies. Rayomar, one of the country's progressive investment and management entity since 1982, has operation and ownership of several companies involved in shipping, crewing, logistics, freight forwarding and international trading.

CTLC was formed in 1998 primarily to manage chassis fleets under the concept of chassis pooling. The basic concept of "pooling" is to integrate the marketing & management of equipment for companies and individuals which owned chassis but whose core business is not chassis leasing. Through this integration, CTLC sought to provide economies of scale and professional management to its "Pool Members". CTLC has also specialized in providing "Quality" service to import and export segment of the transport industry. Thus, is recognized as one of the top brands in the industry and is among the top three companies in the leasing business. However, the company remains to be the only successful chassis pool in the business, providing its "Pool" members with above average returns on their equipment/investment.

By the end of 2015, the company managed 288 units of various types from 20ft straight frames, 40ft straight/gooseneck, 40ft combo, 40ft flatbed and 45ft chassis.

CTLC is founded, headed and manned by people with strong sense of commitment, professionalism, and corporate intelligence - sharing a passion in delivering exceptional services for it's clientele.
