

COMPANY PROFILE

"K" LNG Maritime Services, Inc. (KLMSI) is a manning agency duly accredited by the Philippine Overseas Employment Administration (POEA) and is a joint venture company between Ventis Maritime Corporation and OSM Maritime Services, Inc. Originally incorporated in August 2008, KLMSI operated under the name Ostia Crewing Philippines, Inc. until our name change in December 2017 to better reflect our focus on manning LNG vessels.

The company vision is to seek constant and continual improvement in all our endeavors and to reflect these in our actions. In doing so we seek to enhance the lives of all our stakeholders: our Principals, our Seafarers and their families, our Shareholders, Officers, Employees and their families, as well as of our immediate community. Our Mission and Quality Policy is to meet and exceed the expectations of our customers, both internal and external.

As the demand for liquefied natural gas continues to grow over the foreseeable future, the KLMSI joint venture expects synergies in the steady supply of qualified seafarers for our principals' vessels, as well as improved crew rotation planning and standardization of training platforms & competency management systems on board.

As holders of Bureau Veritas certificates on ISO 9001 and the Maritime Labor Convention 2006, the company has a proven record of excellence and commitment to quality & continuous improvement; garnering many awards related to overall management, quality, good governance, and operational efficiency.

KLMSI is composed of a dynamic team sharing a strong sense of commitment, professionalism, dedication and a persistent passion to improve & excel.
